

FCC COMPLIANCE

This equipment has been tested and found to comply with the limits for a class B digital device pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation even if installed correctly. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Connect the equipment to an outlet that is connected to a different circuit to the circuit on which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician if you require any additional help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The crossed-out wheeled bin symbol indicates that the item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal. By separating a marked item from household waste, you will help to reduce the volume of waste sent to incinerators or landfill sites, which helps to minimize any potential negative impact on human health and the environment.

Congratulations on the purchase of your Uyuni® LED candle!

The Uyuni® LED candle has a 3D electronic flame that gently flickers, creating a soft and inviting light. Uyuni® LED candles are battery-powered and are controlled using a manual switch.

Use the candles on their own or in creative arrangements of multiple candles in order to illuminate your home and create focal areas of light and warmth.

The Uyuni Salt Flats in Bolivia are famous for the crystal clear night skies in which the stars shine brighter than almost anywhere else on Earth. Uyuni candles bring the aura of these distant galaxies into your home as their gently flickering lights illuminate the dark to create a restful and inviting ambiance.

RECHARGEABLE BATTERY

- Rechargeable up to 500 times.

PILLAR

- Charging time app. 10 hours
(base with 4 candles)

TEALIGHT

- Charging time app. 2 hours
(base with 4 candles)

MAXI TEALIGHT

- Charging time app. 3,5 hours
(base with 4 candles)

Charging 2 bases at the same wire will app. double the charging time
Fast speed chargers can be used but won't shorten charging time

CANDLE OPERATION

- In timer mode the candle will turn on for 6 hours from the moment you activate it and then turn itself off for 18 hours, with the cycle repeating daily.

The Uyuni® REMOTE CONTROL (sold separately) allows you to choose between 4 timer modes and 3 brightness levels.

- The remote cannot control the candle while it is charging

Manual Operation of the Candle:

- Push the button:
1. Once for 6-hour timer mode
 2. Twice for continuous ON
 3. Thrice for OFF

CARE INSTRUCTIONS

If required, the candle can be cleaned using a mild household soap and a soft, damp cloth.

IMPORTANT SAFETY INSTRUCTIONS

- The candle is made from PLASTIC and is FLAMMABLE when exposed to an open flame.
Keep away from any heat source (including direct sunlight) that could cause the plastic to melt or catch fire.
- Please DO NOT pull or hold the candle by the LED flame as this could damage the product.
- Place the candle on a protective base to prevent any possible residue from damaging your décor surfaces.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CHARGING BASE

- Connect the base to a power adapter (not included) using the USB-C/C cable provided in the box
- A maximum of 2 bases can be connected to one cable. Connecting more than 2 bases may result in slow charging or trigger the overcharge protection of the charger.
- Two small white light indicators will turn on when the base is connected to power.
- The base can be placed horizontally on a table, etc., and is compatible with all Uyuni Rechargeable candle versions.
- The base can be mounted on a wall to hold tealights and maxi tealights (without glass/container) as magnets will secure the candles to the base.
- Rings on the base indicate the different candle sizes that can be used with each individual base.
- Charging base are designed for INDOOR use only.

RECHARGEABLE CANDLES

- Candles will automatically start charging when correctly places on the base. The push button can be set to either ON or OFF while charging.
- While charging, the candle will flash or glow slightly.
- The light will turn off when fully charged.
- If a fully charged battery is placed on the charging base, it will flash for no more than one minute before turning off.
- For charging time details for Uyuni Rechargeable Candles, refer to the Rechargeable Battery section.
- Designed for INDOOR & OUTDOOR use rated IPX5

RECHARGEABLE-CANDLE

Bestimmungsgemäßer Gebrauch:

Dekorative LED Kerze für die Dekoration in Innenräumen und im geschützten Außenbereich. Nicht für die Allgemeinbeleuchtung vorgesehen.

Zielgruppe: Erwachsene, Mindestalter: 16 Jahre

Die LED Kerze wird mit einem integrierten Batteriefach betrieben. Spannungen und Ströme sind harmlos für Menschen.

Sicherheitshinweise:

- Betreiben sie die LED Kerze nicht dauerhaft, solange sie noch verpackt ist.
- Die LED sind nicht austauschbar
- Verwenden sie ausschließlich das mitgelieferte Batteriefach.
- Verbinden sie keine Teile der LED Kerze mit anderen Produkten, es sein denn, es ist ausdrücklich dafür vorgesehen.
- Die LED Kerze ist für den Betrieb in Innenräumen und im geschützten Außenbereich vorgesehen. Dauerhafte Exposition im Regen kann zu vorzeitiger Alterung bzw. Beschädigung führen.
- Die LED Kerze ist kein Spielzeug. Halten sie sie von Kindern fern.
- Platzieren sie die LED Kerze so, Verletzungsgefahr ausgeschlossen ist.
- Beschädigte LED Kerze nicht weiter verwenden.
- Halten sie mindestens 30cm Abstand zwischen Augen und Lichtquelle.

Hinweise zur Entsorgung:

Am Ende der Nutzungszeit kann das Produkt als Elektrogerät an regionalen Entsorgungsstellen entsorgt werden oder, in seine Einzelteile zerlegt auch im Wertstoff entsorgt werden.

Lagerung:

Stets trocken und bei Temperaturen zwischen 1°C und 25°C lagern.

Verhaltensweise bei Defekten:

Defekte Produkte nicht weiter verwenden
